A WEB SITE FOR METOP ATMOSPHERIC FIELDS VISUALIZATION

- Also a good tool to validate the retrieval and visualize statistics.

- Based on a IASI/AMSU/MHS retrieval scheme developed at Météo-France/CMS

- Intended to help French forecasters (Data are available before the French NWP analysis).

A Météo-France external web is available:

http://retmetop.meteo-spatiale.fr
Ex of web page: Eumetcast data in Europe-Atlantique area. Delivery timeliness ~ 2h
